Subject: RE: Factsheets for NRDC NOI on Lead in Newark

Thanks! I believe OSP is the lead on this issue overall, but I think we are the lead on putting together a drinking water factsheet, and that we'd be sending it to the RA. I'll get some clarification. I do not know of an upcoming meeting with Pete.

Ok – I'm resending to Javier now.

Thanks again,

Hi Christine – Nice work; I don't have any comments. It looks like we're walking a fine line on this. Are we the lead on this fact sheet and, if so, when are we supposed to get this up to the front office? Is there an upcoming meeting with Pete?

Also, please resend to Javier so that he can look at it before he leaves for the Indian Nations meeting tomorrow morning.

- Jeff

Hi Jeff –

Just wanted to check in on the timing for these factsheets on LCR and NRDC/NEW's NOI to sue NJDEP on LCR implementation in Newark - when did you want to give them to the RA? So far I've only received comments from Nicole (I also reached out to Phyllis in ORC and Javier), which I've addressed in the latest version of the factsheet (attached). Please let me know if you have any comments.

Thanks!
